Supt. U.S. Govt. Mint,
Philadelphia, Pa.,

Dear Sir,

We anticipate a large amount of work in the medal line soon, including gold, silver, copper-bronze, etc., and wish to know where such work can be done to the best advantage, and where large orders can be handled, and would be an inducement to figure closely.

For the present we would like estimates on from 200 to 500 copper-bronze, weight 3 oz. 16 PWT., thickness about three-sixteenths of an inch. Diameter same a design similar to that of impression enclosed.

Awaiting your early reply, we are,

Very truly,
Bartholomew & Vallette.

Dictated.
